

LA42DWQ 10k 1 turn potentiometer

Quick detail

place of origin:shanghai china	brand name:tayee	model number:LA42DWQ
Resistance: 1K~100K,10K ohms	Rated Power: 0.5w	Max voltage:AC600V
Mounting size: 22mm	Type: Trimming Potentiometer,trimmer	Maximum Installing Height: <2000m
Temperature: -25°C~+60°C	Life: 1000,000times	Color: Black

10k potentiometer

Specifications :

- 1.Protection level IP65
- 2.Flame retardant level V0
- 3.Cert:CE,TUV,RoHS,CCS.RoHS ,
- 4.Pollution level: 3rd Class

LA42DWQ 10 potentiometer

1. Hole size Ø22.3mm;
- 2.Eight colors:red,yellow,green,blue,white,black,orange and gray;
3. Round, square or rectangular head. Ornament processed with internationally popular matte metallic color. The keys' surface is covered with bright and eye-catching colors achieved with special processing technology treatment. No wear or discoloration after long-term use.
4. Complete varieties and specifications;
5. Safe and reliable housing of imported nylon. Flame retardant level V0.
6. The unique waterproof LA42 series button ensures an IP65 protection level. Waterproof and dustproof. Even a protection level of IP67 with the hood.
7. High contact reliability and simple maintenance with the modular structure of the contact module of the LA42 series button. You can replace all the components at the back of the panel simply using a screw driver.Current up to 10A with silver-copper composite contact
